

Singing River Electric Power Association

Your Touchstone Energy® Cooperative 

SCHEDULE SGS3-3 SMALL GENERAL SERVICE THREE PHASE

AVAILABILITY

Available to commercial, industrial, institutional, farm and other non-residential customers with a demand of less than 25 kW and to all churches utilizing three phase service. All customers taking service under this rate schedule are subject to the established rules and regulations of the Association.

TYPE OF SERVICE

Three phase, 60 cycle, at the Association's standard secondary voltages.

MONTHLY RATE

Customer Charge of \$30.00 per month plus:

6.55 cents per KWH

Minimum Bill

The minimum monthly charge is \$40.00.

POWER COST ADJUSTMENT CLAUSE

The above rate shall be increased or decreased by 0.001 cents per KWH for each 0.001 cent by which projected cost of purchased power divided by projected KWH sales increases or decreases as compared to the current cost of purchased power divided by KWH sales.

TAX CLAUSE

Billing under this rate schedule shall be subject to:

- (a) Any applicable State and Municipal sales tax; and
- (b) A tax expense adjustment that will be allocated to the customer on a per meter or per KWH basis, to cover the expense of all regulatory taxes and fees imposed on the Association by any governmental body, including franchise fees, ad-valorem and property taxes, etc.

The tax expense adjustment shall be increased or decreased in an amount equal to the projected annual total of all taxes and fees divided by the projected annual KWH sales to all consumers. Actual tax expense and KWH sales will be used to determine any overage or deficiency in the adjustment applied during the year. Any overage or deficiency will

be adjusted on the projections for the succeeding year. The tax expense adjustment will be calculated annually.

ENVIRONMENTAL CLAUSE

An environmental compliance charge will be allocated to the customer on a per kilowatt hour basis to recover the costs for complying with local, state and federal environmental regulations relating to the generation and transmission of electricity.

TERMS OF PAYMENT

In the event the current monthly bill is not paid within 14 days from the date of the bill, said bill will become delinquent and service may be discontinued.

Effective on all bills rendered after April 7, 2010.
Supersedes Schedule SGS3-2
